Special Dietary Needs

Bearcat Dining and a Registered Dietitian (R.D.) will work with parents, school nurses, teachers and health care providers to help manage students' food allergies and special diets by:

- Working with physicians, dietitians or qualified nutrition specialists to manage dietary substitutions.
- Knowing where emergency medications are stored and knowing how they should be administered in case a student has an allergic reaction.
- Reviewing menus with parents or students who have food allergies to determine what, if any, menu items need to be substituted.
